SRAI 2 are wallcoverings made by craftsmen. Plant fibres are selected, washed, sun-dried and hand woven on traditional looms. The nature of these plant fibres, as well as the production process, explain irregularities in the aspect and thickness of the wallcovering, as well as colour shades, which give the product its charm and unique character. Differences of colour and aspect between batches, or even from one strip to another, are unavoidable. We can't guarantee a perfect colour match between the sample in the pattern book and the delivered goods.

Width of the wallcovering.

Pattern repeat is 0 cm (0'') and the design does not need to be matched.

Apply a ready mixed PVA or EVA clear adhesive directly to the wall. Abundantly humidify the backing of the wallcovering – soaking time at least 30 minutes.

Sold by the metre/yard. No minimum.

Ecological.

Light resistant: Xeno test 5-6.
